SBA Offers Disaster Assistance to Pennsylvania Residents Affected By Severe Storms and Flooding

WASHINGTON – Pennsylvania residents and businesses affected by severe storms and flooding that occurred from June 16 through June 30, 2009, can apply for low-interest disaster loans from the U.S. Small Business Administration, SBA Administrator Karen G. Mills announced today.

Administrator Mills made the loans available in response to a letter from Gov. Edward G. Rendell dated September 8, 2009, requesting a disaster declaration by the SBA. The declaration covers Allegheny, Erie and Westmoreland Counties and the adjacent counties of Armstrong, Beaver, Butler, Cambria, Crawford, Fayette, Indiana, Somerset, Warren and Washington in Pennsylvania; Chautauqua County in New York and Ashtabula County in Ohio.

“The SBA is strongly committed to providing the people of Pennsylvania with the most effective and customer-focused response possible to assist homeowners, renters, and businesses of all sizes with federal disaster loans,” said Administrator Mills “Getting our businesses and communities up and running after a disaster is our highest priority at SBA.”

“Loans up to \$200,000 are available to homeowners to repair or replace damaged or destroyed real estate. Homeowners and renters are eligible for loans up to \$40,000 to repair or replace damaged or destroyed personal property,” said Frank Skaggs, Director of SBA’s Disaster Field Operations Center in Atlanta. SBA’s customer service representatives will be on hand at the Disaster Loan Outreach Centers to issue loan applications, answer questions about the SBA’s disaster loan program, explain the application process and help individuals complete their applications.

Carl Knoblock, SBA's Pennsylvania District Director, Pittsburgh Office, added, "Low-interest Federal disaster loans are available to homeowners, renters, businesses and non-profit organizations of all sizes whose property was damaged or destroyed by the severe storms and flooding."

Businesses and non-profit organizations of any size may borrow up to \$2 million to repair or replace damaged or destroyed real estate, machinery and equipment, inventory, and other business assets. The SBA also provides mitigation funds to disaster victims based on 20 percent of the verified physical damage. These funds are designed to help borrowers pay for protective measures to minimize damages of the same kind in the future.

For small businesses and most private non-profit organizations of all sizes, the SBA offers Economic Injury Disaster Loans (EIDLs) to help meet working capital needs caused by the disaster. EIDL assistance is available regardless of whether the business suffered any physical property damage.

Interest rates are as low as 2.437 percent for homeowners and renters, and 4 percent for businesses, with terms up to 30 years. Loan amounts and terms are set by the SBA and are based on each applicant's financial condition.

Individuals and businesses unable to visit one of the Centers in person may obtain information and loan applications by calling the SBA's Customer Service Center at 1-800-659-2955 (1-800-877-8339 for the hearing impaired), Monday through Friday from 8 a.m. to 6 p.m. EDT or sending an email to disastercustomerservice@sba.gov. Business loan applications can also be downloaded from the SBA Web site at www.sba.gov/services/disasterassistance. Completed applications should be returned to the Center or mailed to: U.S. Small Business Administration, Processing and Disbursement Center, 14925 Kingsport Road, Fort Worth, TX 76155.

Victims may apply for disaster loans from SBA's secure Web site at <https://disasterloan.sba.gov/ela/>.

The filing deadline to return applications for physical property damage is November 9, 2009. The deadline to return economic injury applications is June 9, 2010.
